

1925 TRI-STATE TORNADO IN HAMILTON COUNTY

The 1925 Tri-State Tornado stayed on the ground through three states, from Missouri to Indiana, and was the longest tornado ever recorded. A lot has been written about the destruction left by the tornado in other counties, but not much has been recorded about what happened in Hamilton County. In this book, Micki Faruzzi follows the tornado across the county and tells of its destruction as it traveled, recording each home and family that was destroyed or affected by the storm. She also includes a day-by-day time-line of what happened after the storm, when the Red Cross came in and turned McCoy Library into a hospital for a time. There is a section of personal stories told by people who experienced it, and a lot of pictures of persons who were involved, and much more. The book is 8½ x 5½, soft back, around 150 pages, sells for \$20.00, plus \$3.00 postage and handling if mailed.

I would like to order _____ copy/ies of the 1925 Tri-State Tornado in
Hamilton County at \$20.00 per book _____

Please add \$3.00 per book for postage and handling _____

If you would like to become a member of the Hamilton Co. Historical Society
